Accessing the menu

The Menu button provides access to phone settings and functions:

- Features
 - Do Not Disturb
 - Forward
 - Contact Directory
 - Call List
 - Messages
- Status
 - Platform
 - Network
 - Lines
 - Diagnostics
- Settings
 - Basic
 - Advanced
- Applications

Line icons

The following list describes the icons visible on the graphic display:

- Registered line: solid black conference phone.
- Ringing / incoming call: musical notes.
- Call on hold: black upside-down flashing handset above conference phone icon.
- Outgoing call: arrow moving left.
- Active call: two opposing arrows.
- Do Not Disturb activated: large X displayed in upper left corner of display and (X) Do Not Disturb will show in the graphic display window.

LED indicators

The LED indicators will change color depending on the event.

- **Fast flashing green:** Incoming (ringing) call.
- **Solid green:** Active call is in progress.
- **Flashing red:** Call is on hold.
- **Solid red:** Call is muted.

Dialing tips

- Dial number before choosing the method of call.
- You do not need to press 9 for an outside line.
- You do not need to press 1 before the area code.
- You do not need to include area code for local calls.
- Internal calls can be completed by dialing the extension.
- Call duration is monitored through a local call timer on the graphic display.

Calling basics

- Placing a call
 - Dial first
 - Dial pad
 - Call Lists
 - Contact Directory
 - Press Redial button
 - Choose call method
 - Press Call button
 - Press **Dial** soft key
- Answering a call
 - Press Call button
 - Press **Answer** soft key
 - Press **Reject** soft key
- Ending a call
 - Press **End Call** soft key
 - Press Call button

Placing a call on hold

- During an active call:
 - Press **Hold** soft key.
 - Press **Resume** soft key to reactivate a call.
- Notes:
 - Music on hold will play if a conference call is put on hold.
 - If multiple calls held, use the Scroll buttons to switch between calls. Press **Resume** soft key to select desired call.

Do Not Disturb

Do Not Disturb prevents incoming call notifications.

- Callers will hear a busy signal.
- To enable / disable:
 - Choose the Menu button.
 - Select Features.
 - Select Do Not Disturb.
- A blinking X will appear in the upper left corner and (X) Do Not Disturb will show in the graphic display window.

Call List

The Call List retains up to 99 received, placed, and missed calls.

- To retrieve Call List:
 - Choose the Menu button.
 - Select Features.
 - Select Call Lists.
 - Use the Scroll buttons to scroll up / down through the list.
 - Select **Dial** soft key to place the call.

Note: If power is lost to the phone or the phone is rebooted, the call lists will be erased on the phone.

Contact Directory

Phone maintains up to 99 contacts.

- To add a new contact:
 - Choose the Menu button
 - Select Features.
 - Select Contact Directory.
 - Select **Add** soft key.
 - Enter information using the dial pad.
 - Select **Save** soft key.
- To modify current contacts:
 - Select the contact you wish to change.
 - Select appropriate soft key (**Edit** or **Delete**).
 - Select **Save** soft key when complete.
- Select **Dial** soft key to place a call.

Conference calling

You can conference up to 3 participants on one call.

- Press **Conference** (Confrnc) soft key.
- Enter the number.
- Select **Dial** soft key.
- Select **Conference** (Confrnc) soft key to complete.
- **Split** soft key separates the two active calls in a conference.

Transferring a call

Transfer a call to an extension or 10-digit number.

- Select **Transfer** (Trnsfer) soft key.
- For consultative transfer, enter the phone number of the receiving party.
 - Note: To transfer without an introduction, first select the **Blind** soft key.
- Select **Dial** soft key.
- Select **Transfer** (Trnsfer) soft key to complete consultative transfer.
- **Cancel** soft key stops the transfer process.

Parking a call

Parking a call allows you to pick up a call from a different extension.

- Press the **Transfer** (Trnsfer) soft key.
- Enter *68
- Press # to park the call to your extension.
- Enter another extension and press #.

To retrieve from another extension:

- Enter *88
- Press the **Dial** soft key.
- Press # to retrieve from your own extension.
- Enter extension, if different than your own, and press #.

Call forwarding

Enable

- When your phone is idle enter:
 - *72 for Call Forwarding Always
 - *92 for Call Forwarding No Answer
- Enter the forward-to number.
- Press the # key.
- A voice prompt confirms that Call Forwarding is turned on.

- Note: The forward-to number can be an extension or any 10-digit phone number.

Disable

- When your phone is idle enter:
 - *73 for Call Forwarding Always
 - *93 for Call Forwarding No Answer
- Press the **Dial** soft key.
- A voice prompt confirms that Call Forwarding is turned off.

Call forwarding with soft key
